

IS HEALING FOR TODAY?

PASTOR: JOSEPH CLUCK

With so much Pharmacia available today it is understandable why one goes to the store for a medical cure. But what does Jesus say? "By His stripes you are healed," Is 53: 4-5, 1Pet. 2:24. He paid a huge price for our healing, and though we seek relief elsewhere we are not cured by medicine.

First, we must decide is God's Word true. He is King of this Universe and gave us an instructional manual on how He wanted us to live and serve Him. In the Bible when a king makes a decree it stands and cannot be broken, and these were mere men. So the idea here is to believe the Word of Elohim. We also know from Jesus' teachings that when you hear and believe immediately the adversary comes to steal the Word. And from Job we learned that one can be tested. Is our faith substantial to withstand the testing?

The only thing not mentioned in the Word of Elohim concerning healing is "when?" For this reason, doubt surfaces. And a doubtful person receives nothing. Eph. 6:13b says, "when having done all to stand." Frequently, we cave in just before the healing comes and the devil wins. How sad for our Redeemer who paid the price for our healing. "Without faith it is impossible to please Him," Heb. 11:6. The question is do you want to please Him? If so, begin learning the healing scriptures and start quoting them frequently especially when you are resisting an illness. Inoculate yourself with His Word. His promises are Yes and Amen, 11Cor. 1:18-20, not maybe. Pray and ask for the ministering Spirits be sent forth to minister to you as an heir of salvation, Heb. 1:14. We all have angels why not keep them busy?

Next, is it God's will to heal you? Never in the Bible will you find anyone denied healing that asked for it. Mat. 8:2-4 says, it is His will to heal the leper. And He is no respecter of persons. If Rom. 10: 9-10 are still for salvation, then if He has healed one person, He will heal you.

Before approaching our King, it is recommended that you approach Him with praise and thanksgiving prior to making your requests known. Then ask forgiveness for your transgressions. Afterwards, make your requests known. If He commands you to do something be obedient, do not forget to be grateful. We serve an Awesome King who has made provision for our every need. Blessing, Honor and Glory to our King.
